Yes. Lynn Riddle is the contact at IDEM, (317) 232-8619. She did not say she had the same materials that were sent to us from Jeffersonville but she initiated the call to us asking for any early feedback.

Leigh Voss is the new Municipal Permits Section Manager at IDEM who I believe must have assigned Ms. Riddle to Jeffersonville.

I have a call in to Lynn to secure a block of timeframes for she and Beth Admire to engage in a joint conference call with Terry Branigan, you and I. Last Monday I delivered our copy of Jeffersonville's CSO LTCP to the 13<sup>th</sup> Floor to have an additional hard copy made for Terry's use as he requested.

Did Lynn at IDEM get a copy of the amendment request for Jeffersonville?

Just to confirm, is she the IDEM contact?
